

## **Notice of Proposed 2014 Tax Rate**

The City of Palacios is proposing a tax rate above the effective rate that will raise more revenue for maintenance and operations than last year.

If City of Palacios adopts a 2014 tax rate of .85787 per \$100 of value, taxes would increase compared to 2013 taxes by \$28,200.

City Council will consider adopting this tax rate at a special meeting on September 16, 2014 at 6:00 p.m.
