Dear Mayor and Council:

The year 2020 Racial Profiling report is due to the State of Texas by March 1, 2021. The City of Palacios Police Department is submitting the attached numerical data to the State. The data retrieval is from the Record Management System Tyler Technologies software and Municipal Court citation information.

The 2020 racial profiling report requires additional data to be reported to the State that our system currently does not capture. A sample of last year's report is attached to compare to the current report data report. The Department's existing RMS software is out of date since 2016. On January 8, 2021, the Department contacted Tyler Technologies to upgrade our current system to current standards. The ticket is currently open and pending resolution. Our current system does not break down data for the several categories related to ethnicity. A time frame is pending since our current computer server is experiencing major catastrophic failures currently being addressed by our IT and Tyler Technologies.

The Department lost three years of data when the server crashed last year. The Palacios Municipal Court aided the Department in obtaining racial profiling information from January 1, 2020, to March 31, 2020, which was lost during the crash. The current report lists two columns for RMS and court citations, ending with a total. The (0) specifies areas that were unavailable or lost.

The Department contacted the Texas Commission of Law Enforcement about this report. TCOLE specified to upload a copy of this document to clarify the report adjustments for reporting compliance.

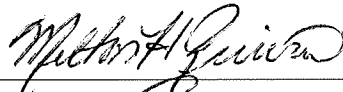

On a positive note, the comparative analysis of the available data with the following results:

- A. No citizen complaints were received from the public for Racial Profiling by any Palacios Police Department officer during 2020.
- B. The data indicated that no racial profiling is taking place in the City of Palacios as follows:

Yours Truly,
